We apologise for the late response regarding the additional development at Elderslie Loop and of the Glasgow Airport Fuel Farm in the Glasgow Airport Rail Link Scheme (GARL). The only point that we would like to make is that we are particularly concerned about the close proximity of the Fuel Farm to Paisley Moss Local Nature Reserve and the possible impact the development may have on the hydrology of the reserve. Therefore, we would request that this issue is addressed thoroughly.

Yours sincerely

*P.P. Fiona Stewart*
